

Expect more from your wood windows

Accoya is more than just a material choice – it's a mark of quality for creating outstanding and long-lasting windows and doors.

Windows and doors are designed to open effortlessly throughout the year

50-Year warranty means long lasting peace of mind

Recyclable at the end of life

Helps coatings last longer, reducing the need for frequent maintenance

WHY CHOOSE ACCOYA?

HIGHLY DURABLE

Class 1 durability rating, outperforming hardwoods such as oak, iroko and sapele.

HIGHLY STABLE

Resistant to swelling and shrinkage, even in extreme conditions. Accoya's shrinkage is much lower than other wood species.

NATURALLY INSULATING

Thermal performance up to 30% better than hardwood and 8% better than softwood achieves a higher U-value for comparable window designs.

20 years canal lining durability test

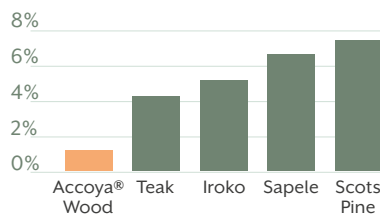

Accoya wood

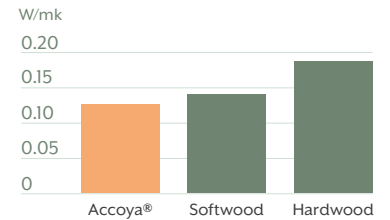

Non-Accoya wood

Accoya TRADA shrinkage test

Accoya thermal conductivity test
